WHO WE ARE

Basketball SA was formed in 2006 as the new peak body responsible for the administration of basketball in South Australia. Basketball SA is governed by a Commission which acts on all issues in accordance with the objects and shall operate for the collective and mutual benefit of Basketball SA, the Member Associations and the sport of basketball throughout South Australia.

PURPOSE

To provide leadership and strategic direction by promoting, developing and representing the sport of basketball in South Australia.

VISION

Be valued by the South Australian community and recognised widely as a leader in sport development.

GUIDING PRINCIPLES

Basketball SA will be guided by a commitment to the following principles:

- Inclusive** - We will develop and deliver across a broad section of the community to provide opportunities for all
- Strong and Effective Communicators** - We will commit to open and regular communication to achieve our vision
- Trust and Integrity** - We will build an environment of trust through open, transparent and honest leadership
- Consistent** - We will be consistent in all actions
- Innovative** - We will drive the growth of the sport through the commitment to new ideas
- Sustainable** - We will develop strategies which promote good corporate governance
- Respect Diversity** - We will understand, embrace and value the differences within the basketball community

Chairman's Report

Mark Lampshire

We look back on 2014-15 with some mixed emotions as there have been plenty of positives to celebrate, some ongoing challenges and a readjustment of priorities needed in some areas.

The most pleasing aspect to report is the continuing popularity of our sport. Our vision under our new Strategic Plan is to be the "Sport of choice for South Australians" and we continue to be one of the highest ranked team sports in SA with participation numbers continuing to increase every year.

GOVERNANCE REVIEW – OFFICE FOR RECREATION AND SPORT

We continue to work with the Office for Recreation & Sport through a governance review that aims to see Basketball SA operating under good governance principles for our sport. Basketball SA has a strong governance foundation against the recommended principles and is currently looking to introduce some further change in line with the Australian Sports Commission recommendations to ensure our governance structures provide for the best leadership in sport.

FINALISED 2014-18 STRATEGIC PLAN

In July 2014 we finalized the new 2014-18 Strategic Plan for Basketball SA, which was also aligned with the new Basketball Australia Strategic Plan and provided the base for the SA Country Strategic Plan. The plan sets our aspirational goals for our longer term and shorter term objectives that we shall be reporting on to our members.

PREMIER LEAGUE REVIEW AND CHANGES

The Commission determined that our former Central Australian Basketball League (CABL) needed a face lift to freshen up our premier competition in the state. As such, a review was conducted and concluded in early 2015. Stemming from that process we introduced the new Premier League with changes aimed at providing more games for our players, coaches and officials, and a schedule that could provide more opportunity for people to watch the league games and for there to be greater coverage. The newly branded Premier League introduced more online content, including game footage for Games of the Week. The new format received a mixture of positive comments and suggestions for improvement following a review involving all clubs and this has helped shape the structure for 2016.

HIGH PERFORMANCE

A significant achievement in 2015 was the formation of a high performance partnership with the University of South Australia. The partnership provides the opportunity for our elite athletes to be provided with a program, equipment and support services that give them the very best chance of reaching their potential. The partnership provides for an excellent dedicated facility at Magill; excellent gymnasium; and access to support services provided by the UniSA Health Science staff and students. Additionally, a PhD student is being supported by Basketball SA and UniSA as part of the partnership with a focused research into basketball that aims to provide some findings that can further advance our elite programs in the future.

Chairman's Report

Mark Lampshire

JUNIOR STATE TEAMS

This year our junior state team results were very strong for the women's teams, but we can see an ongoing trend with our men's teams not quite matching the best in the country yet. We believe that with our new NITP and UniSA partnership; and the growing strength of many Club and Country development programs that we will see our junior men's teams starting to medal more regularly.

ADELAIDE LIGHTNING

After the 2013-14 WNBL season, owner Vince Marino flagged that he was questioning his ability to commit to a further season of the Adelaide Lightning due to the significant financial commitment. Fortunately, The Marino's decided to continue with the team for the 2014-15 season with some minor assistance from Basketball SA, including some game day operational assistance. The Marino's decided this season was to be their last after 8 years and during the season handed back the license to Basketball Australia to take effect at the conclusion of the 2014-15 season. Once details of this were confirmed Basketball SA started to work on ways to save the Lightning for 2015-16. This involved forming a working group consisting of Jan Stirling, Rachael Sporn, Vicki Valk, Patria Gough, Michael Sweeney, Mark Hubbard and others at times. Basketball SA also engaged Mark Williamson from Ghab Consulting to assist with strategy and sponsorship procurement. After several months of work, we were fortunate to secure support from Basketball Australia, Bob Jane T-Marts and the Motor Accident Commission (MAC) that enabled the Lightning to continue in the WNBL for season 2015-16. The Commission also agreed to a once off contribution to support the team for the season.

The Commission decided to make the contribution and provide management support for the team on the basis that it would do what it could within reason to develop a future sustainable solution. This however is limited to one season and the one-off contribution. While the Adelaide Lightning is an important SA team; Basketball SA cannot sustain an ongoing investment and we wish to ensure our focus remains on our core business of basketball growth and development. We are continuing to work on possible solutions for the 2016-17 season and hope to be able to report that the license has been secured by an external entity in the future.

ADELAIDE 36ERS

It would be remiss of Basketball SA not to acknowledge a recent change in ownership of the Adelaide 36ers. The 36ers have continued in the NBL for a number of years now due to the significant investment (time and funds) of the "Save our Sixers" group that came to the rescue of the team. This group headed by Daryl Simmons is to be recognised for everything they have done to maintain the 36ers in the NBL and ensure that it now continues under the stewardship of another ownership group.

Chairman's Report

Mark Lampshire

FACILITIES

Our endeavour to secure new facilities continues to be difficult, with a lot of work yet to be rewarded with any significant outcomes. As mentioned at the start of the report, this is the biggest area of frustration and disappointment for Basketball SA. We have worked on a few facility projects during the past year, with a strong focus continuing to be the development of a new Marion Indoor Sports facility. While the master plan for this facility was completed in partnership with the City of Marion; and there was an election promise from the State Liberal Party of \$3m towards the facility; the progress stalled after the election result. The Council and Basketball SA have maintained a commitment to advancing this project and seeking funding.

The Ross Smith project was meant to provide a new venue in the northern suburbs; however after a couple of years work; knowing that Council were willing to put in funding; as well as the land developer; we are now unclear of the future of this project. We will be continuing to work with Council to find a solution for that area, be it Ross Smith or another site.

Given that our sport is continuing to grow and there is a shortage of facilities; as well as the issue of the condition and age of some facilities; we have a stronger than ever determination to focus on achieving pivotal facility outcomes as soon as possible. We have a Commission sub-committee meeting regularly to progress plans and we know that we must work even harder to lobby the issue with local, state and federal government members and staff; as well as form key partnerships. This work continues and we will keep our members informed.

BASKETBALL AUSTRALIA

There were some large changes to our national body this past year with a new CEO Anthony Moore being appointed, coming from the Australian Sports Commission and having a background in AFL Clubs. Basketball Australia has had significant staff changes and consolidated offices from Melbourne and Sydney to the State Basketball Centre at Knox. We've worked closely with Basketball Australia on a number of areas, including the new Aussie Hoops relaunch; Sporting Schools roll out; and development of a national registration system. The State Bodies also have a very good relationship, and the CEO's and key staff continue to work closely on a range of areas, such as coach development, high performance, and officiating.

We are looking forward to Basketball Australia stabilising over the coming period and achieving a range of common goals with the states.

Chairman's Report

Mark Lampshire

DCSI CLEARANCES AND GOVERNMENT FACILITY HIRE AGREEMENTS

We note that there is a growing issue of red tape affecting sport; and this could be seen with the increasing impact of child protection measures being introduced through the state government, in particular the requirement for DCSI clearances to hire facilities. Our CEO has been working to address the issues arising from the new government policies; and we successfully amended the school hire agreements to remove problematic indemnity clauses and we are working to try and provide greater clarity on requirements for our members to use school facilities.

SPORTING SCHOOLS

The Sporting Schools strategy from the ASC has provided a great opportunity for our sport to promote basketball in the school system. We have worked to maximize this opportunity over a number of months, in collaboration with Basketball Australia, and we are now seeing a significant interest in basketball being delivered through the initiative. We are working to educate our members on how they can capture the opportunities in their area, so that there is a greater connection between local basketball delivery and transition into our club and association systems. The start to this initiative has been very promising with basketball one of the highest requested sports in the school system through Sporting Schools.

FINANCIAL RESULT

We achieved a positive financial result for the year with a minor surplus (as reported under the Finance Report). During the year we could see that we were trending for a stronger than forecast surplus, so the Commission determined to provide some support to the Lightning as a once off initiative (as raised earlier), which would not impact on our members or the organisations performance. We also had some large facility maintenance issues to address and even with this unbudgeted expenditure we were able to deliver a sound bottom line result.

Our forecast for 2015-16 is a minor deficit. We have been impacted by a significant decrease in grant funding from the Office for Recreation and Sport and Basketball Australia and this has made it tough to balance the budget forecast whilst still trying to prevent costs being passed on to our members. Basketball SA is still well funded by Office for Recreation and Sport and we appreciate their support, but the funding for sport through ORS is becoming tighter every year and a lot of sports have seen a reduction. We also have been advised by Basketball Australia that they are not able to guarantee funding for high performance past January 1, 2016. We are currently working through a high performance review with BA to determine the best use of their high performance funding, which may still see some flow down benefit.

Chairman's Report

Mark Lampshire

STAFF CHANGES

Over the past year we have seen some staff movement starting with one of our long serving members, Paul Arnott leaving to move interstate. Paul was the Competitions Manager for over 8 years and we would like to recognize his contribution to our competitions and Basketball SA over that period. We also bid farewell to Sita Bacher our Communications and Marketing Manager; and unfortunately her replacement Kate Hilton, who were both recruited by other organisations; as well as Emma Flanagan. We welcomed Sarah Fry (our new Competitions Manager), Michael Aylen (our Administration Officer), Lachlan Coppick and Kayla Miller (our Participation Development Officers). I would like to thank the staff for their work over the past year in all areas of our business.

In relation to the future, Basketball SA will be heavily focused on the following areas:

- Facilities Development
- A 2016-17 solution for the Lightning
- Youth League Review
- Officiating
- Aussie Hoops and Sporting Schools strategies.

There are many other areas that we will continue to work on, but we believe that the items raised above require our most significant focus for the next year and we will be reporting against these in our next report.

I would like to take the opportunity to thank Mark Hubbard and his staff and our membership for their untiring efforts in promoting, developing and growing our great sport.

Mark Lampshire
Commission Chairman Basketball SA

Governance Report

Deidre Fischer

GOVERNANCE REPORT FOR THE BASKETBALL SA COUNCIL – AGM 2015

The Governance sub-committee was formed during 2015 and Terms of Reference finalised. *Please contact the Basketball SA CEO if you wish to see the Terms of Reference for this Commission sub-committee.*

This committee is currently chaired by Deidre Fischer, Independent Commissioner 2014-2016, and the members are Mark Lampshire (Independent), Bert Bargeus (Nominated) and Mike Sweeney (Independent).

The sub-committee have met each month since February 2015, with the exception of September, therefore a total of 8 times.

The Governance sub-committee has been activated to ensure that the BSA Commission adhere to the Governance principles required by the Australian Sports Commission (ASC), and the Office of Recreation and Sport. All state sporting organisations are expected to adhere to the Governance Principles communicated by the ORS, and funding can be tied to the individual sports organisation commitment to meeting the required governance principles. Please refer to the ORS website for the document published in June 2015 that BSA is using for guidance:

http://www.ors.sa.gov.au/about_us/publications. You will see a section entitled: Governance and the document is listed there.

Our achievements so far this year have been:

- Actively liaising with the ORS and initiating meetings with them to identify what is required to adhere to the governance principles they have outlined.
- Development of a Governance Review Implementation Plan (GRIP), which has been submitted to the ORS, and we continue to actively monitor and update the Plan as we achieve our goals.
- Finalised the Terms of Reference (ToR) for the Governance Committee and the Nominations Committee, and instituted the Nominations Committee for the 2015 AGM.
- Developed and approved a process for evaluation of the BSA Commission and the CEO, as well as an evaluation instrument for the BSA CEO. This will be implemented for the 2015-2016 year, and reviewed/refined further in August 2016.
- As part of our review of BSA practices/documentation in line with the Governance principles of the ASC and the ORS, we have identified constitutional changes that will be presented to the 2015 AGM.

Our ongoing goal is to continue to monitor and review our governance practices and documentation to ensure that there is compliance with best practice governance principles appropriate to our context and organisation.

Report prepared by Deidre Fischer (Chair – BSA Governance Committee)

26 August 2015

Community Development Report

Danny O'Brien

SPORTING SCHOOLS

2015 saw the launch of Sporting Schools across Australia.

Sporting Schools is the successor to the Federal Government's Active After Schools Communities program which concluded at the end of 2014.

As with the Active After School Communities Program, Sporting Schools is a Federal Government program funding schools to engage sporting clubs and associations to deliver sports programs in primary schools.

The new program differs from its predecessor in that it actively seeks to create a link directly with mainstream sporting clubs and associations and is more flexible in its delivery.

Primary schools registering in the program are funded to engage sporting clubs and associations and pay them to deliver sports programs either before, during or after school.

Sports clubs and associations wishing to be involved as deliverers in the program must register with Sporting Schools and be endorsed by the State and National bodies.

The Aussie Hoops program is the platform through which Basketball Australia and Basketball SA endorses the delivery of basketball into the Sporting Schools Program.

The Program has been gaining momentum throughout the year to the point where there are seventy five schools registered for programs across South Australia in term four 2015 which requested a basketball program in that term.

Basketball SA sees the new program as an excellent addition to development pathway which already exists.

Development Officers will continue to offer free one day clinics to schools where needed and we will encourage affiliated clubs and associations to take on the delivery of the Sporting Schools Program. The funding model for this program makes it an attractive option for clubs and associations to be able to reward coaches for their time and expertise delivering in the program.

We are currently speaking with clubs and associations regarding the potential of the Sporting Schools Program and assisting with the training and accreditation of coaches to deliver within it. That process includes ensuring that all coaches have the appropriate child protection clearances.

The Sporting Schools Program will form an important link in the development pathway between primary schools and the Aussie Hoops Centres and domestic basketball competitions.

Community Development Report

Danny O'Brien

AUSSIE HOOPS

The Aussie Hoops Program has continued to grow since the review and relaunch which we reported on in last year's report.

At that time we reported that there were 15 Aussie Hoops Centres and 22 separate programs across South Australia.

The following numbers indicate the growth of the program over the past year:

Number of centres	20
Number of programs (8-10 weeks)	58
Number of children participating	754

The following list of Accredited Centres shows the spread of the program across the state over the year:

Barossa Valley
Eastern Mavericks Basketball
Forestville Eagles Basketball Club
Ingle Farm Recreation Centre
Jamestown & Areas Basketball Association
Light Amateur Basketball
Memorial Oval Primary School Whyalla
Moonta Basketball Club
Morphett Vale Basketball
North Adelaide Basketball Club
Parafield Gardens Recreation Centre
Port Adelaide Recreation Centre
South Adelaide Basketball
St Clair Recreation Centre
STARplex
Sturt Sabres Basketball Club
Renmark Basketball Club
West Adelaide Bearcats
Adelaide Plains Basketball Association
Waikerie Basketball

Utilising the new online registration process and national database we will in future be in a position to report accurately on participant numbers passing through the program.

Community Development Report

Danny O'Brien

DEVELOPMENT STAFF

The 2014/2015 reporting period has seen significant changes to the Development personnel employed by both Basketball SA and SA Country.

These changes came about as staff moved on to other opportunities however the following structure remained the same.

Basketball SA

- **Development Manager** - Danny O'Brien
- **Participation Project Officers (2 Full Time)**
 - Emma Flanagan replaced by **Lachlan Coppick** (Southern metropolitan area)
 - Phil Hoogenhout replaced by **Kayla Miller** (Northern metropolitan area)

SA Country

- **SA Country Development Officers**
 - Peter Todd replaced by **Jaimie Petty** (North)
 - Michael Rogers replaced by **Mollie McKendrick** (South)

In 2015 we have continued to promote basketball in the primary school system and provide a direct link from the schools and now the Sporting Schools Program through to the Aussie Hoops, Mini-ball, domestic competition and school holiday programs.

SCHOOLS PROGRAM

The primary schools program run by Basketball SA and SA Country provide children aged 6 to 14 years basketball activities promoting our sport.

The program includes Development Officer visits and now also the Sporting Schools Program. The object of these visits has been specifically to target the participation of primary school aged children in the Aussie Hoops program and junior domestic competitions in their local stadiums. Activities to do this have included:

- School Sports Days
- Come and Try Days
- After school training for school teams
- Coach support and resources
- Sporting Schools Programs

Community Development Report

Danny O'Brien

In all their activities the Development Officers seek to promote the Aussie hoops, Mini-ball and Domestic Basketball programs in the basketball centres in their area of operation (Some schools are visited more than once due to numbers in the school or time restraints).

The Sporting Schools Program will enable these programs to be more strategic in that they target smaller groups who have expressed a particular interest in pursuing basketball.

Number of Schools visited in 2014/15	99
Number of students participating in the school programs	20,091

HOLIDAY CAMPS

Basketball SA conducts school holiday camps and skill sessions during each of the school holiday periods in metropolitan basketball centres.

Four to six holiday camps are held in each school holiday period depending on stadium availability with an average attendance of 45 participants at each.

Over the course of the last year camps have been held at:

- Morphett Vale
- Marion, Pasadena
- Port Adelaide
- Salisbury

Total number of holiday camps across metropolitan and country areas for 2015	18
Total number of participants	810

COACHING ACCREDITATION COURSES

Basketball SA continues to oversee the delivery of courses under the new Basketball Australia Coaching structure up to and including Association Coach level.

Over the past 12 months the following numbers have completed those courses delivered in both metropolitan and regional areas.

Introduction to Basketball (Level O)	152
Club Coach (Level 1)	110
Association Coach (Level 2)	9
Total	271

Community Development Report

Danny O'Brien

INCLUSIVE BASKETBALL PROGRAM

The Inclusive Program focuses on supporting programs and initiatives in the following specific areas:

MULTI-CULTURAL

- We have continued support for 3 Ball SA which has received funding assistance to deliver 3 on 3 basketball events targeting in particular the multi-cultural community as an introduction and link to mainstream sporting programs.
- This program offers three hour training sessions for multicultural youth at the Adelaide Secondary School of English every Saturday during school terms. Harold McMath is engaged to deliver those sessions.
- 3 Ball and Basketball SA also received funding from the City of Adelaide to run 3 on 3 events in the south parklands during 2014-15 and further funding has been received to continue this program on Wednesday evenings for a further two years.

- Basketball SA received Federal Government assistance to foster the involvement of multi-cultural youth in the domestic basketball program at St Clair. Basketball SA is supported in this program by 3 Ball SA, the Adelaide Secondary School of English and the Overseas Chinese Association.

The funding enables basketball SA to provide game subsidies, uniforms and coaching assistance. There are currently five social teams in this program (between 40 and 50 players) participating in the St Clair social competition on Sunday evenings.

Two further junior teams have been incorporated into the Ingle Farm basketball competition through the Coyotes Basketball Club with funding assistance provided to them to do so.

- In conjunction with 3Ball SA Basketball SA supports an annual 3 on 3 basketball event in Moseley Square, Glenelg during the Bay Sports Festival. This event is held on two courts set up between Christmas and New Year on the paved area leading to the Glenelg jetty. Ten teams participated in this event in December 2014.

Venue	Teams	Participants
Adelaide Secondary School of English (Training)	n/a	25
St Clair (Competition)	5	45
Ingle Farm Junior Competition	2	12
Total	7	82

INTELLECTUAL DISABILITY OR INTEGRATION DIFFICULTY

Weekly Competitions:

Venue	Teams	Divisions	Participants
Pasadena	13	3	116
Mount Barker	4	1	35
Ingle Farm	8	1	70
Total	24		220

Community Development Report

Danny O'Brien

Tournaments

Basketball SA has supported the following school tournaments for students with an intellectual disability in which 50 teams competed this year:

Venue	Coordinator	Teams	Schools	Participants
Pasadena High School	Pasadena High and Basketball SA	20	8	160
Parafield Gardens	City of Salisbury	30	15	221
Total		50	23	381

Ivor Burge

2015 Ivor Burge National Tournament for people with an intellectual disability:

SA Men 5th

SA Women 6th

From this program Brad and Wayne Kinross, Harrison Mallard and Amy Howard were selected in the national team, the Boomerangs (Men) and Pearls (Women) and will compete in the World Championships in Ecuador in October 2015.

SCHOOL TOURNAMENTS

Basketball SA and SA Country have continued to support the School Sport Unit in the Management of the SAPSASA (South Australian Primary Schools Sports Association) and SASSSA (South Australian Secondary School Sports Association) Basketball Tournaments.

Basketball SA and SA Country Basketball provide courts, referees, competition managers and court supervisors for these events.

SAPSASA Tournament

This tournament is a state wide event with Basketball SA and SA Country supporting the School Sport Unit and SAPSASA.

Preliminary competitions are held in August in metropolitan and regional centres across the state. Finals are held at Pasadena and Morphett Vale in September.

Historical teams numbers (SAPSASA):

	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015
5/6 Boys	56	52	33	70	73	71	86	55 + R	58 + R	56 + R
5/6 Girls	48	42	28	51	51	62	64	34 + R	38 + R	45 + R
6/7 Girls	95	74	72	111	113	109	125	78 + R	84 + R	77 + R
6/7 Boys	96	89	88	126	126	141	143	108 + R	105 + R	112 + R
Total	295	257	221	358	363	383	418	477	487	440

(R = Number of teams playing in the regional competitions Country competition is across four centres. Team numbers do not include multiple teams from a single school which some regions allow).

Funding Support

Basketball SA received and wishes to acknowledge the specific funding support provided for our programs by the South Australian Office for Recreation and Sport during the reporting period under the following headings:

1. State wide Officiating Development
2. Member Education and Support
3. Community Coach Development
4. Participation Strategies
5. Inclusive Programs
6. High Performance program

Basketball SA also wishes to acknowledge the assistance and continued contribution to these Development Programs made by:

Basketball Australia

CENTRAL ABL / PREMIER LEAGUE

Basketball SA's premier competition, the Central ABL, ran from March to August in 2014. The 2014 Grand Final was held at the Adelaide Arena and was attended by approximately 2,000 spectators. Following are the results and notable achievements from the 2014 season.

Woodville Warriors Men

North Adelaide Rockets Women

Men's Champion

Women's Champion

Woollacott Medal

Halls Medal

Frank Angove Medal

Merv Harris Medal

Referee of the Year – Men

Referee of the Year – Women

Coach of the Year – Men

Coach of the Year – Women

Woodville Warriors

North Adelaide Rockets

Alexander Starling (Woodville Warriors)

Amy Lewis (Norwood Flames)

Samuel McDaniel (Southern Tigers)

Jessica Good (Norwood Flames)

Vanessa Devlin

Nathan Wieland

Michelle Dyson

David Cooper (Norwood Flames)

Jeremi Moule (Sturt Sabres)

In 2015 the Central ABL was rebranded as the Premier League with a focus to provide a clear identity, more games, greater variety, special rounds and greater coverage, all leading to an improved profile for the league.

The season increased from 18 to 22 rounds which included games on Wednesday, Friday, Saturday and Sunday. Two special rounds were also programmed; Blockbuster Round where a full round of men's and women's Premier League games will be played at the Adelaide Arena and Anzac day Round to respect the tradition of this day and remember those Australians who served in all wars.

Competitions Report

Sarah Fry

Prior to the start of the 2015 Premier League season, the Basketball SA Premier League Pre-Season Tournament was run at the Wayville Sports Centre. Six men's and five women's teams participated with North Adelaide Rockets men and Norwood Flames women victorious.

2015 Premier League Results:

Division	Winners
Men's	Norwood
Women's	Norwood

SENIOR COMPETITION

Basketball SA's senior district competition incorporates the Premier League and multiple lower divisions. 89 senior teams participated in the 2014/15 Summer season and 114 teams (including Premier League teams) played in the 2015 Winter season. These numbers are slightly lower in comparison to the previous year.

YOUTH LEAGUE COMPETITION

In the 2014 Winter season, the Southern Tigers won the Youth League Men's Division 1 premiership and the Sturt Sabres won the Youth League Women's Division 1 premiership.

The prestigious Keith Miller and Sylvia White medals for the Most Valuable Players in the Youth League competitions were awarded to Southern Tigers Codey Ellison and Sturt Sabres Hannah Richards.

66 Youth League teams participated in the 2014/15 Summer season and 57 in the 2015 Winter season. These numbers are similar to the previous year.

JUNIOR COMPETITION

The following table lists the winners of the junior division 1 competitions for the 2014 Winter season:

Age group/Division	Winners
Under 10 Boys Division 1	North Adelaide Rockets
Under 10 Girls Division 1	Sturt Sabres
Under 12 Boys Division 1	South Adelaide Panthers
Under 12 Girls Division 1	Sturt Sabres
Under 14 Boys Division 1	Central Districts Lions
Under 14 Girls Division 1	Eastern Mavericks
Under 16 Boys Division 1	Sturt Sabres
Under 16 Girls Division 1	Sturt Sabres
Under 18 Boys Division 1	Sturt Sabres
Under 18 Girls Division 1	Sturt Sabres

403 Junior teams participated in the 2014/15 Summer season (up 15 from the previous year) and 395 participated in the 2015 Winter season.

Officiating Report

Mike Gibson

SA METRO

Basketball SA and metro recreation venue members now deliver the Level 0 course in the local environment enabling each venue to co-ordinate the development and education of their officials in-house. This localized approach supports additional courses with smaller numbers on a regular basis encouraging on-going ownership of the referee programs.

SA COUNTRY

Some country associations still struggle with supporting a referee development program in-house due mainly to the lack of support for this area of the game. Although they appreciate the value of their officials it is often difficult to encourage a local member or group to take ownership of a program and run with it. Many believe they lack the experience to deliver the program requirements.

It is important for these associations to note that they can ask for assistance in these areas. The programs, delivery methods, course structure and program material for the entry level 0 and next step level 1C have been specifically written to assist in the local environment.

We will visit and assist in running these programs and work with local co-ordinators in preparing them to present the course in-house. This gives ownership and direction to the local association and support for their local officials.

SA COUNTRY OFFICIALS ASSOCIATION (SACOA)

During 2014/15 a number of country associations were visited and referee courses Level 0 and 1C delivered. Some of these visits involved on-court assessment, general information, rules discussion nights and working with referees at various carnivals.

Courses and education development programs were run at;

Kadina, Balaklava (Adelaide Plains), Murray Bridge, Eastern Hills (Mt Barker), Barossa Valley (Tanunda), Riverland, Jamestown, Minlaton, Mount Gambier, Millicent, Whyalla with total participants;

Level 0	168
Level 1C	46
Development Coaching	65
Information lectures	198

Officiating Report

Mike Gibson

These programs delivered the theory component of the 2 courses and then the follow up of the on-court competencies. Completion of the on-court component for Level 1C course for the referees who participated is on-going during season 2015/16. This can be done locally (with approved Referee Coaches) and/or during Country Champs.

METRO SA

Level 0 and Level 1C programs for referees were run across Adelaide as follows;

Pasadena Stadium	Level 0 course	52 participants
	Level 1C course	21 participants
Ingle Farm	Level 0 course	15 participants
Morphett Vale Stadium	Level 0 course	19 participants
	Level 1C course	8 participants
Wayville Stadium	Level 0 course dates	18 participants
Port Adelaide	Level 0 course dates	29 participants
	Level 1C course	13 participants

The school programs have more value as a promotional tool with only a small number (if any) progressing to the on-court part of the course.

ANNUAL OFFICIATING DEVELOPMENT CAMP

The Referee Camp was held Saturday 12th and Sunday 13th October 2013 at Immanuel College. The theory component of the five courses were presented over the weekend: Level 1B, 1A, Advanced - Level 2, Advanced - Level 3, Grade 0, 1B Referee Coach.

2014 camp had 84 participants which included;

- 41 country participants with 17 taking advantage of the on-site live-in quarters
- 43 metro participants

There were 13 presenters with 5 representing SA Country, 8 from metro.

This year was the first without the Level 1c and numbers indicated a continued trend for young referees wishing to advance and gain further referee knowledge.

Officiating Report

Mike Gibson

ACHIEVEMENTS

NATIONAL CHAMPIONSHIPS 2014/15

During the year the following referees were selected to attend National Junior Championships as representatives of South Australia.

U16	Matt McLoughlin, Ben Shepherd, James Brown
U14 Girls	Travis Chard, Nathan Davis, Kellie Griffin
U14 Boys	James Brown, Nick Passey, Jess Pulic
Ivor Burge	Nigel Western, Nanette Farrell
Under 20's	Nikki Ireland, Ian Domeika
Under 18's	Neil Frost, James Griguol, Rebekka McMahon

ALBURY JUNIOR CUP 2015

The following referees were appointed to represent SA Country at this tournament;

Referee Coaches

Matt McLoughlin, Matt Ryan, Mike Richardson, Sam LeGallou, Robert Clarke.

Referees

Delyse Blackford, Matt Clarke, Cody Milnes, Devon Milton-Hutchison, Grace Noonan, Kalimna Roe-Simons, Jessica Sandercock, Genie Medwin, Alex Lucas, Lucinda Howell, Georgia Platt, Danika Jolley, Tyler Dewurst, Ben Shepherd.

PREMIER LEAGUE AND SA COUNTRY

In 2014/5 SA Country was represented at the highest level competition in SA, the Premier League, by Mark Frost and Nikki Ireland from Port Augusta, Mark Harris from Broken Hill, Matt Ryan from Port Pirie and new recruit Delyse Blackford from Eastern Hills.

We must extend a special thank you to each of these as they travel great distances to attend game nights and further develop their referee skills that will be passed on to their local association referees.

SRDP (State Referee Development Program)

The SRDP is an invitation only program and offered to aspiring young officials who have the potential to progress to officiate at the state's highest level. It is a 2 year program and consists of additional theory sessions (10 per year) on top of on-court referee duties.

Officiating Report

Mike Gibson

Metro SRDP

The metro program has 22 young officials and each year 2 positions are created for SA Church members. The SRDP for 2014/15 is;

Hayden and Ryan Barraclough, Clayton Blackmore-Wells, Ben Bleckly, Nathan Clarke, Nathan Davis, Alistair Douglas, Tahlia Evans, Ben Evitts, Daniel Gear (SA Church), Kellie Griffin, Courtney Johnston, Sam Kewan, Nigel Western, Ethan Ashworth, Brooke Carlyon, Bailey Dyer, Maddison Shaw, To Hayman, Nathan Pleavin, Hannah Tavian and Ben MacMichael.

SA Country SRDP

The SA Country SRDP entered its 2nd year with some new additions to the team.

Members are;

Devon Milton, Cody Milnes, Grace Noonan, Tyler Dewhurst, Abby Whitehead, Danika Jolley, Georgia Platt, Kalimna Roe-Simon, Lucinda Howell, Kimberley Simons, Alex Lucas, Jordan Gould, Stuart Hunter, Genie Medwin, Olivia Fuller, Matt Clarke, Chris Nutt

Members receive additional training via on line videos and exams with requirements to attend the camp and SA Country championships to further their on-court.

NRDP (National Referee Development Program)

The NRDP is an invitation only program and offered to aspiring young officials who have the potential to progress to officiate at the National U20 Junior Championships and above competitions. It is a 3 year program and consists of additional theory and practical sessions on top of on-court referee duties.

2014/15 members were - Adam Gillings, James Griguol, Neil Frost, Ian Domeika, Hugh Starkey, Brett Johns and Ian Domeika.

STATE CHAMPIONSHIPS

In the early part of 2015 Basketball SA held its annual State Championships and SA Country conducted the Country Junior and Senior Championships.

SA Country Championships

The SA Country Senior and Junior championships were held in January and March 2015. This is one of the major events on the calendar year for SA Country and brings together teams from all over the state to compete in U12, 14, 16, 18 and senior grades.

These championships offer another opportunity for country referees to further develop their basketball knowledge and on-court skills through assessment and feedback. It also offers a chance to meet within and socialise with referee friends from other associations.

Officiating Report

Mike Gibson

Senior Championship

22 Referees used of which 2 were metro referees.

Junior U14/18

82 Referees used of which 10 were metro referees

Breakdown: 31 x level 1C | 23 x level 1B | 14 x level 1A | 12 x level 2 | 2 x level 3

Junior U12/16

96 Referee used of which 16 were metro referees

Breakdown: 15 x level 0 | 36 x level 1C | 15 x level 1B | 13 x level 1A | 17 x level 2

Referee Coaching during Junior Championships

U14/18 73 games were observed. This involved assessment to 72 referees with specific attention paid to the lower level referees and those working on accreditation.

U12/16 86 games were observed. This involved assessment of 79 referees and again attention and majority of these evaluations were at the lower level.

2 Trainee Referee Coaches were assessed as part of their on-court requirements towards Referee Grade Grade 0/1 accreditation or as a refresher.

BSA State Junior Championships

The BSA State Junior Championships were held in early May 2015. Over 470 games were played during the 4 day event and 123 referees were rostered which included 11 from SA Country, 6 from Victoria (invited guests) and the balance from metro referees.

Referee Coaches during Junior Championships

Accreditation and general feedback was supplied throughout the championships with over 247 games being observed by a local or visiting Referee Coaches.

CONCLUSION

There has been continued increase in the education of officials during season 2014/15 throughout the state. Though we have a large number of young developing officials we have managed to retain a good portion of the more advanced officials. There is still a long way to go as it takes over 2 years to develop an official to the acceptable standard for a senior grade game.

Continued effort is required at local venues to offer referee education. The pathway for officials is well established and any official across SA can be part of the development team.

Officiating Report

Mike Gibson

Local association officials may not wish to progress to the higher elite level of competition but we must continue to offer these officials every opportunity to further develop their skills and progress in their local environment.

The committed support from Basketball SA and SA Country in the education and development of officials has enabled the following:

- **The appointment of local BSA stadium referee coordinators.** This initiative began in 2014 and enables the local development at venue/association level to oversee referee development within their local environment. This builds dedicated and committed officials who belong to a local development program owned and promoted by the local association.
- **The launch of SA Country SRDP scholarship.** The SRDP country in its second year and progressing well. 2015 was the first time for a number of years that the entire group of officials who attended Albury came from SA Country.

It remains a major program to develop a network of referee educators and presenters within each association (not region) and to work with these groups to continue the education and accreditation of local officials. It is only through this process and continued constructive feedback that referees will improve and develop.

High Performance Report

David Ingham

HIGH PERFORMANCE PROGRAM

The restructure of the SA High Performance programs was completed last year and immediate changes were made to the NITP. These have been implemented with positive feedback from athletes, parents, coaches and clubs. There has been an expansion of the number of coaches within the program with a number of new coaches introduced in senior NITP Coach roles and a number of development coach roles. The benefit has been an improved ratio of coaches to athletes for greater individual athlete attention; as well as improved development of the coach depth chart. There has also been a focus on inviting young coaches and female coaches into the program.

The focus for the past year has been to develop a partnership with the University of South Australia that would secure a new home for the entire high performance program. An agreement was entered into in January 2015 with the NITP and State programs commencing in February 2015 at the Magill Campus of University of South Australia.

The benefit of the partnership includes:

- Access to a large indoor facility that can be configured to suit a full size court with huge run-off or two courts across the main court with the ability to use six backboards. Access on 7 days a week allowing for the start of individual trainings and specialist programs to further advance areas identified as needing extra attention.
- Significant storage area for all Basketball SA's equipment.
- Access to a brand new gymnasium (opened in April 2015).
- A serviced strength and conditioning program with individualized programs for National Performance Players and programs for athletes in the Elite and Emerging squads.
- UniSA staff and students conducting all athletes screening and testing, with the testing being completed 2-3 times per annum.
- Delivery of nutrition education for athletes, parents and coaches.
- Development of resources for education and training of Clubs and Associations in relation to strength and conditioning and coach development.
- Development of technologies to assist with player management.
- Training on coaching software.

Basketball SA and UniSA has offered a PhD that will be focused on an identified area within basketball and health science. The project has the potential to explore the inter-relationship between fitness, size and fundamental movement skills as they relate to high level basketball performance and to explore the relationship between changes in body size, fitness and movement skills on basketball performance. The project is expected to help with methods to identify future talent and identify critical changes in young players who have already been identified as future stars.

The benefits of the partnership with the University of South Australia have only just started and we expect through our regular meetings to further develop the deliverables to assist with the NITP and our underpinning programs.

High Performance Report

David Ingham

NATIONAL INTENSIVE TRAINING PROGRAM SQUADS (NITP)

After the large structural changes implemented at the start of the 2014 year the program has moved forward with some great results. The move to UniSA Magill campus has allowed us to begin a structured strength, agility and plyometric program. The basketball program is continually adjusted after each national championships to included areas of individual skill development that require attention.

Continuous improvement in both the programs deliverable outcomes and the athletes' individual skill level and their understanding of national style of play concepts is the main objectives of the NITP. The current program

Boys Program – Monday Nights at UniSA Magill Campus

Emerging Squad: On-Court 5:00pm to 6:30pm | Strength 6:30pm to 7:15pm

Elite Squad: On-Court 6:30pm to 8:00pm | Strength 5:45pm to 6:30pm

Girls Program – Thursday Nights at UniSA Magill Campus

Emerging Squad: On-Court 5:00pm to 6:30pm | Strength 6:30pm to 7:15pm

Elite Squad: On-Court 6:30pm to 8:00pm | Strength 5:45pm to 6:30pm

Shooting and Talls – Tuesday Nights at UniSA Magill Campus

Tall players working with Rupert Sapwell – 6pm to 7pm

Shooting Technique – working with Mike McKay – 6pm to 7pm

Futures Program – Top Age under 14 players – Saturday (April to end of October)

Girls Squad 10:30am to Noon

Boys Squad Noon to 1:30pm

SOUTH AUSTRALIAN TEAMS AT NATIONAL CHAMPIONSHIPS

There was a change introduced over the past year to both Metro and Country State Team programs to increase the number of coaches within the state program and to provide greater development opportunities. The teams still have a Head Coach and an Assistant Coach, and we changed the title of the second Assistant Coaching role to Development Coach to better define progression steps within the coaching staff set up. We have added an Apprentice Coach role to all teams as an introduction role in an effort to provide greater depth to the coaching pool in our elite programs.

We had some great results in 2014/15. The top performer was the SA Metro 2014 under 16 girls with their gold medal. They had a great victory over Vic Metro in the semi-final and took care of South Queensland in the final. It was a fantastic performance by all the girls, the coaching and support staff. This was closely followed by the silver medal won by the SA Country 2015 under 18 girls. They had an outstanding week, setting high standards in every game, unfortunately they fell short against Vic Metro in the final. The 2015 SA Metro under 18 girls also had an outstanding tournament, overcoming a serious lack of height to win a bronze medal. The Under 20 girls also came home with a bronze medal, this was an outstanding result in which the girls played above the talent level.

High Performance Report

David Ingham

The girls program had excellent results:

- 1 gold medal
- 1 silver medal
- 2 bronze medals

The boy's results were unfortunately not at the same level as the girls program, but we feel that we are making good progress with both country and metro programs in closing the gap between the high achieving girls and the boys program.

2014/15 SOUTH AUSTRALIAN TEAM RESULTS AT NATIONAL CHAMPIONSHIPS

Championships	Team	Gender	Final Standing
Ivor Burge Championships	South Australia	Men	5th
Ivor Burge Championships	South Australia	Women	6th
Under 20 Championships	South Australia	Men	4th
Under 20 Championships	South Australia	Women	3rd
Under 18 Championships	SA Country	Women	2nd
Under 18 Championships	SA Metro	Women	3rd
Under 18 Championships	SA Metro	Men	6th
Under 18 Championships	SA Country	Men	10th
Under 16 Championships	SA Metro	Women	1st
Under 16 Championships	SA Country	Women	7th
Under 16 Championships	SA Metro	Men	5th
Under 16 Championships	SA Country	Men	6th

NATIONAL JUNIOR SQUADS/TEAMS AND AUSTRALIAN DEVELOPMENT CAMP

Demi Skinner was selected in the national under 19 women's team for the world championship qualifying tournament which will be held in Fiji in December 2014.

We had three girls and two boys selected to participate at the 2015 Australian Development Camp in Canberra. Samantha Simons, Hannah Lehmann and Sarah Elsworthy were selected in the girls program and Ky Matthews-Hampton and Biar Garang were selected in the boys program.

Samantha Simons, Hannah Lehmann and Darcy Rees were selected in the girls under 17 national training squad, while Ky Matthews-Hampton, Biar Garang and Alex Mudronja were selected in the boys under 17 national squad for World Championships qualifying series.

High Performance Report

David Ingham

TALENT IDENTIFICATION

Talent ID camps have again been held in the April, July and October school holiday in 2014/15. In 2015 we moved the timing of each age group camp to better align the camps with high performance programs. We have used these camps for a variety of outcomes including selection into the under 14 futures program. The structure of the camps has stayed very similar to last year where we received very positive feedback.

SOUTHERN CROSS CHALLENGE AND EAST COAST CHALLENGE

We had four teams attend the East Coast Challenge in January 2015. The tournament was again held at the Hills association in Sydney. This tournament is very beneficial for our player and coach development. We will continue to send teams to this tournament in 2016.

The Southern Cross Challenge is for the younger age groups. In 2015 SA Metro reduced the number of teams and selected only under 15 boys and girls teams. The smaller numbers was much easier to manage the off-court activities than in previous years. SA Country also sent under 15 boys and girls teams. Both program benefit greatly from this experience and both programs will continue to send teams to this tournament in 2016.

Finance Report

Mark Hubbard

Our three-year performance:

Year	End of Year Result
2014-15	\$4,135 (before facility maintenance reserve expenses of \$26,000)
2013-14	\$105,933
2012-13	\$98,130

A modest surplus was achieved for the year as a result of maintaining strong participation numbers.

The key components of this result were:

- Total revenue increased by \$45,923 (1.11%) with only minor movements from 2013-14 results.
- Basketball SA venues continue to have exceptional utilisation. With capacity reached at a number of venues at key times, sourcing additional facilities continue to be a primary focus of the Commission. Hiring of external courts continues to be a significant cost.
- Employment expenses increased by \$63,953 (4.91%). A review of the pay rates of officials during the year resulted in a general increase being applied.
- A contribution of \$50,000 towards the working capital of the Adelaide Lightning WNBL team was made. Basketball SA also partially funded the costs of a consultant who was engaged to identify future ownership options for the Adelaide WNBL licence.
- An allocation of \$26,000 from the Facility Maintenance Reserve was made in relation to roof repairs of Morphett Vale Stadium. The balance of this reserve is \$94,000.

A small deficit has been forecast in the 2015-16 budget. This anticipated result is predominantly due to reductions in grant income. With growth in participation over several years placing pressure on facility availability, income has been projected to remain steady.

Basketball SA decreased cash held by \$128,537, total assets increased by \$152,312 and net equity decreased by \$21,865.

Financial Statements

2014-2015

BASKETBALL SA Inc.

FINANCIAL REPORT

For the financial year ended 30 June 2015

REPORT OF THE COMMISSION

For the financial year ended 30 June 2015

COMMISSIONERS

The names of the Commissioners throughout the year and at the date of this report are as follows:

Independent Members	Appointed
Mark Lampshire (Chairman)	23/10/2011
Michael Sweeney	21/10/2012
Deidre Fischer	26/10/2015
Russell Good	01/06/2015
Member Representative	
Bert Bargeus	08/11/2006
Marilynn Dunstall	31/01/2008
Wayne Schild	20/10/2013

The names of the Commissioners resigned throughout the year and at the date of this report are as follows:

	Resigned
Dean Levitt	26/10/2014
Peter Kupniewski	24/03/2015

PRINCIPAL ACTIVITIES

The principal activity of Basketball SA Inc during the course of the financial year was the promotion and development of the sport of Basketball in South Australia.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

No significant change in the nature of these activities occurred during the year.

OPERATING RESULTS

The financial result of Basketball SA for the financial year was a deficit of \$21,865 (2014: surplus \$105,933).

EVENTS OCCURRING AFTER BALANCE DATE

At the date of this report no matter or circumstance has arisen since the end of the financial year which has significantly affected or may significantly affect the operations, results or state of affairs of the Association in subsequent financial years.

BENEFITS RECEIVED BY MEMBERS OF THE COMMISSION

In accordance with section 35(5) of the Associations Incorporation Act, 1985, the Commission of the Association, hereby states that during the year ended 30 June 2015:

- (a) (1) no Commission member; or
- (2) no firm of which the Commission member is a member; or
- (3) no entity in which the Commission member has a substantial financial interest,

has received or become entitled to receive a benefit as a result of a contract between the officer, firm or body corporate and the Association except for the receipt of a stipend by all Commission members as set out in Note 15 of the financial statements; and

- (b) no officer of the Association has received directly or indirectly from the association any payment or other benefit of a pecuniary value except as noted in paragraph (a).

Signed in accordance with a resolution of the Commission.

Mark Lampshire

Dated 24 September 2015

STATEMENT BY MEMBERS OF THE COMMISSION

In the opinion of the Commissioners of the Association the financial report as set out of pages 4 to 19 are in accordance with the Associations Incorporation Act (SA) 1985 and:

- 1 Presents fairly the financial position of Basketball SA Inc as at 30 June 2015 and its performance for the year ended on that date in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) of the Australian Accounting Standards Board.
- 2 At the date of this statement, there are reasonable grounds to believe that Basketball SA Inc will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the committee and is signed for and on behalf of the committee by:

Mark Lampshire
CHAIRMAN

NOTES TO THE FINANCIAL STATEMENTS

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements cover Basketball SA Inc. ("association") as an individual entity. The association is incorporated in South Australia under the Associations Incorporation Act (SA) 1985.

Basis of Preparation

The association has elected to early adopt the pronouncements AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements.

The financial statements are general purpose financial report that have been prepared in accordance with Australian Accounting Standards reduced disclosure requirements of the Australian Accounting Standards Board and the requirements of the Associations Incorporation Act (SA) 1985. The association is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions to which they apply. Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

The financial statements were authorised for issue on 24th September 2015 by the members of the Commission.

a) Income Tax

The association is exempt from income tax under Section 50-45 of the Income Tax Assessment Act 1997.

b) Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed.

Revenue from players and spectators is recognised when the funds are received by the association. Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to financial assets. Other revenue is recognised once invoiced.

All revenue is stated net of the amount of goods and services tax (GST)

c) Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the association commits itself to either purchase or sell the asset (i.e. trade date accounting is adopted).

NOTES TO THE FINANCIAL STATEMENTS (Cont.)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

c) Financial Instruments (Cont.)

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to the statement of comprehensive income immediately.

Finance instruments are subsequently measured at fair value, amortised cost using the effective interest rate method or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Classification and subsequent measurement

Amortised cost is calculated as the amount at which the financial asset or financial liability is measured at initial recognition less principal repayments and any reduction for impairment, and adjusted for any cumulative amortisation of the difference between that initial amount and the maturity amount calculated using the effective interest method.

The *effective interest method* is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) over the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying amount with a consequential recognition of income or expense in profit or loss.

(i) *Financial assets at fair value through profit and loss*

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short-term profit taking, where they are derivatives not held for hedging purposes, or when they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in fair value (ie gains or losses) being recognised in profit or loss.

(ii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial asset is derecognised.

(iii) *Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the association's intention to hold these investments to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial asset is derecognised.

(iv) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are either not capable of being classified into other categories of financial assets due to their nature or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

NOTES TO THE FINANCIAL STATEMENTS (Cont.)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

c) Financial Instruments (Cont.)

They are subsequently measured at fair value with any remeasurements other than impairment losses and foreign exchange gains and losses recognised in other comprehensive income. When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are classified as non-current assets when they are expected to be sold within 12 months after the end of the reporting period. All other available-for-sale financial assets are classified as current assets.

(v) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss through the amortisation process and when the financial liability is derecognised.

Impairment

At the end of each reporting period, the association assesses whether there is objective evidence that a financial asset has been impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") that has occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered to constitute a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, indications that they will enter bankruptcy or other financial reorganisation and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if the management establishes that the carrying amount cannot be recovered by any means, at that point the writing off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance accounts.

When the terms of financial assets that would otherwise have been past due or impaired have been renegotiated, the association recognises the impairment for such financial assets by taking into account the original terms as if the terms have not been renegotiated so that the loss events that have occurred are duly considered.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are discharged, cancelled or expire. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in the statement of comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS (Cont.)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

d) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities in the statement of financial position.

e) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from customers for goods sold in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Accounts receivable are initially recognised at fair value and subsequently measured at amortised cost using the effective interest rate method, less any provision for impairment.

f) Trade and Other Payables

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period, which remain unpaid. The balance is recognised as current with the amounts normally paid within 30 days of recognition of the liability.

g) Employee Benefits

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may not satisfy any vesting requirements. Those cash outflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

h) Leases

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term.

i) Inventories

Inventories are measured at the lower of cost and net realisable value. Cost is stated on a first in first out basis.

j) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Leasehold improvements

Leasehold improvements are measured on the cost basis and amortised over the lease term.

NOTES TO THE FINANCIAL STATEMENTS (Cont.)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Plant and equipment (Cont.)

Plant and equipment are measured on the cost basis less accumulated depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by management to ensure it is not in excess of the recoverable amount from these assets. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets' employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

The cost of fixed assets constructed within the association includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the association and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

k) Depreciation

The depreciable amount of all fixed assets is depreciated on a straight-line basis over the asset's useful life to the association commencing from the time the asset is held ready for use. Depreciation is recognised in the statement of comprehensive income.

The depreciation rates used for each class of depreciable assets are:

Class of fixed asset	Depreciation rate
Leasehold improvements	5%
Computer equipment	30%
Office furnishings and equipment	20%
Equipment	20%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS (Cont.)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

l) Impairment of assets

At the end of each reporting period, the association assesses whether there is any indication that an asset may be impaired. The assessment will include considering external and internal sources of information. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset

Where it is not possible to estimate the recoverable amount of an individual asset, the association estimates the recoverable amount of the cash generating unit to which the asset belongs.

Where an impairment loss on a revalued asset is identified, this is recognised against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that class of asset.

m) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

n) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

NOTES TO THE FINANCIAL STATEMENTS (Cont.)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

o) Government Grants

Government grants are recognised at fair value where there is reasonable assurance that the grant will be received and all grant conditions will be met. Grants relating to expense items are recognised as income over the period necessary to match the grant to the costs they are compensating. Grants relating to assets are credited to deferred income at fair value and are credited to income over the expected useful life of the assets on a straight line basis.

p) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

q) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

r) Critical Accounting Estimates and Judgements

The Commission evaluates estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the association.

s) Key estimates

(i) Impairment - general

The association assesses impairment at the end of each reporting period by evaluating the conditions and events specific to the association that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

(ii) Inventories

The association may measure certain stocks of merchandise at net realisable value if the said net realisable value has fallen below their costs. This measurement basis involves significant estimation to determine a pricing level at which such stocks could be sold.

15 CASH FLOW INFORMATION

a. Non cash financing and investing activities

There were no non-cash financing or investing activities during the year.

16 FINANCIAL RISK MANAGEMENT

The association's financial instruments consist mainly of deposits with banks, trade and other receivables, trade and other payables and borrowings.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

	Note	2015 \$	2014 \$
Financial Assets			
Cash and cash equivalent	4	1,176,084	1,304,621
Trade and other receivables	5	514,310	166,288
Total Financial Assets		1,690,394	1,470,909
Financial Liabilities			
Trade and other payables	9	402,785	338,301
Borrowings	10	158,288	168,210
Total Financial Liabilities		561,073	506,511

Net Fair Values

- (i) Cash and cash equivalents, trade and other receivables and trade and other payables are short-term instruments in nature whose carrying value is equivalent to fair value.

17 Reserves

Facility Maintenance Reserve

This reserve represents future maintenance costs associated with the various basketball facilities.

	2015 \$	2014 \$
Movement in Reserve

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
BASKETBALL SA INC.****Report on the Financial Statements**

We have audited the accompanying financial statements of Basketball SA Inc. ('Basketball SA'), which comprise the statement of financial position as at 30 June 2015, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes comprising a summary of significant accounting policies, other explanatory information and the statement by the Commission.

Commission's Responsibility for the Financial Report

The Commission acts as the board of Basketball SA and is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the Associations Incorporation Act 1985 (SA) and for such internal control as the Commission determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Basketball SA's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Commission, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

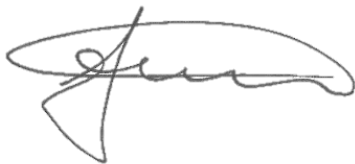

Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.

Opinion

In our opinion, the financial report of Basketball SA Inc. is in accordance with the Associations Incorporation Act 1985 (SA), including:

- (i) giving a true and fair view of the financial position as at 30 June 2015 and of its performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards – Reduced Disclosure Requirements.
